

2018 Letter From the President

This year marks the twenty-fifth anniversary of the founding of The Friends of Colonial Pemaquid as a local, all volunteer, 501 (c) (3) organization. Since 1993, we've sponsored an extensive calendar of special events and programs, raised funds to assist with archeological digs, created, trained and supervised a corps of student interns, and obtained grants and other funding for on-site projects, including nearly \$250,000 for the renovation of the Fort House, all at no cost to the taxpayer.

As the Friends enter our next quarter century, we'd like thank our members as well as the general public for their ongoing interest and involvement. As we continue our record of education, stewardship, and preservation, we look forward to your support in the future.

Don Loprieno
